LAUNCH INTO THE ARENA LOOKING

Limex applies a 'hands-on' tailored approach to all teams big or small.

Whether your side is twenty strong or just two we can offer the advice on the best fabrics and fits for your endeavour and provide designs that will have you looking like the bee's knees.

► Shirts, shorts, pants, hoodies, jackets...

...you name it we print it.

Every new pastime seems to have it's own new unique uniform item (yes even Pokemon Go team uniforms). If you have an item you want 'teamed-up' just give us a call and we'll figure out how.

► Designs for winners.

Don't have an eye for colour or style? That's OK, our designers can suggest something based on a brief chat... or you can show us examples of what you like or use the designs in this catalogue as a starting point.

LIKE A WINNER

► Let's get the ball rolling.

After a quick chat with our design team to outline the brief we'll get the ball rolling on your design and send you a PDF draft visual to review. This usually takes about a week (some times longer if you require multiple alterations & reviews).

Using our dye sublimation technology your design can cover the entire surface of the garment and use any number of colours (including photos) unlike many traditional printers who are restricted to an A3 area on your garment.

After your design has been reviewed, amended and/or approved it's off to production which takes about a week for a normal shirt (a little longer for special finishes like embroidery).

So lean back and relax as we take all of the hard work out of your next team uniform.

Choose your Design & Colours.

Nothing you like here? No problem!

The number of different design possibilities are literally infinite.

Our design team can craft anything you want... but rather than have them blindly draft ideas (that you possibly won't like), we suggest you do a simple Google Image search and then show us a design you like. We'll then create a NEW design inspired by your sample style and ensure it's in-line with any other instructions you have.

For best results Google specific clothing items for example "Bowls Shirt" or "Motorsport Jackets" or, for more creative ideas, broaden your search with "dye sublimated shirts" (remember it should be a Google Image search)

If you're not fussed our talented design team can create completely bespoke designs from a verbal brief.

Select from below or let us know and we'll source it. Our full range is over 100 pages and updates all the time. If it isn't here chances are we can get it.

HOODIE & PANTS

Choose from our catalogue... or...

Need to copy last year's design? We can do that!

If you have the actual artwork files or logos that's ideal... or we can easily redraw from a sample garment. Note that redrawing very complex artwork may attract a fee but we'll discuss that with you when we've seen your sample garment.

All styles & designs interchangeable

WHATEVER YOUR ENDEAVOUR,

Our team can advise you on the best fabrics and garment style for your sport or recreational activity.

From the bowls club to out in the scrub.

Because Dye Sublimation printing can cover an entire garment with any image we can produce the entire gamut of uniforms from a classy bowls uniform (shirts, pants, hats, socks etc) to a loud in your face full camouflage outfit for extreme outdoor pursuits like paint-balling, climbing, orienteering... you name it.

Perfect for petrol heads.

Whether you race bikes, boats or broncos you're not a real race team until everyone is dressed in the same loud shirt plastered from top to bottom with sponsors logos. With or without a chequered flag we can design and print race outfits for everyone from the pit crew to the groupies.

WE'VE GOT YOU COVERED

More than garments.

Fun in the sun often means you need shelter from the elements. Limex also print a variety of sizes & types of branded tents to keep your team dry and comfy.

Need flags or banners? We can help you plaster your sponsor's logos all around your events or even print up banners of all sizes when it's time to recruit new members from surrounding suburbs.

Need to psych out your competitors at the next tournament? You can't beat a 6 meter banner hanging in front of your cheer squad - just give us a call.

SUBLIMATED

SPORTS RANGE

Add a team or sponsors logo or colour change

The designs shown here are simply a starting point. Our designers can recolour a design you like to your team colours, add your mascot or logo or if you've seen a design online you love we can create something similar.

SUBLIMATED

NETBALL SKIRTS

Add a team or sponsor's logo

A great way to minimise club costs is to have your sponsor's logos featured on the uniform and letting them cover some or all of the costs of the uniform. We find the bibs of a netball uniform are a good place to feature sponsors logos as sponsors can change from year to year.
